1st May 2020,

Dear parents and carers,

I hope that you are keeping well during this difficult time.

We are continuing to develop our understanding of particular areas of need and our support staff have been exploring strategies to support children with speech, language and communication needs. Miss Clifton has been working hard on lots of different games that can be played together at home. Please find attached a list of these games and activities which can be used at home to promote the development of speech, language and communication skills.

In addition to this, we continue to work closely with Sophie Hancock from Communicate (<http://www.communicate-therapy.co.uk/>). Sophie has shared some different games and activities that can also be used at home including a list of apps for electronic devices.

If you have any concerns about your child, then please discuss them with your class teacher in the first instance who will then liaise with me if required.

I hope that you find these resources useful.

Kind regards,

Vicky Childs
Assistant Headteacher and SENCo
