PE Days

Children need to come into school on PE days in their PE kit. Children will need an outdoor PE kit i.e., black tracksuit bottoms (or shorts in warmer weather), white T-shirt and a black fleece / tracksuit top.

We are noticing more children coming to school on PE days in wear that is not PE uniform. Please ensure that children have a plain white T-shirt and black shorts or tracksuit bottoms. We may ask children to change into any spare PE that we have in school if they do not come to school dressed appropriately.

Monday	Y3, 6L, 6G
Tuesday	Y3, Y5, 6R
Wednesday	Y4, Y6
Thursday	Y5, 6O
Friday	Y4

Please remember that children must remove earrings to participate in PE lessons. Taping over earrings is not permitted.

PE kit is black joggers / shorts and a black hoodie or sweatshirt with a white T shirt along with trainers.

We expect that children will either wear one of the black John Ray logo hoodies from our supplier or a plain black hoodie/sweatshirt and plain black joggers on the two days a week that your child has PE.

CASHBACK WHEN SHOPPING ONLINE

National Online Safety: What parents and carers need to know about Whatsapp

WhatsApp is the most widely used messaging platform on the planet, with over two billion users (forecast to become three billion by 2025), across more than 180 countries. The majority of those people (70%) open the app at least once a day – but what exactly are they seeing? Contact from strangers, fake news and convincing scams are all among the service's well-documented hazards.

According to Ofcom, WhatsApp is used by more than half of 3- to 17-year-olds in the UK (including one in three from the 8–11 bracket), despite its 16+ age restriction. If your child hops onto WhatsApp to stay in touch with friends or family, our updated #WakeUpWednesday guide to the service contains the key details you'll need to support them in doing it safely.

CLASS TEACHERS' EMAIL ADDRESSES

We understand that for many people email is a quick and efficient way of communicating and we are therefore happy to provide class teachers' email addresses. Although email is a quick and easy way for parents to communicate with staff, matters that require urgent attention should be communicated via the school office. Staff are not expected to respond to emails after 5pm, during weekends/holidays or when off work due to sickness. A parental agreement relating to email communication with teachers is available from the school office or on our website under the communication tab.

What Parents & Educators Need to Know about WHATSAPP

...MSG ME...

AGE RESTRICTION 13+

With more than two billion active users, WhatsApp is the world's most popular messaging service. Its end-to-end encryption only allows messages to be viewed by the sender and any recipients – not even WhatsApp itself can read them. The UK's Online Safety Bill proposes to end such encryption on private messaging, but for the time being, this controversial feature remains.

WHAT ARE THE RISKS?

EVOLVING SCAMS
WhatsApp's popularity makes it a lucrative hunting ground for scammers. Recent examples include posing as the target's child, requesting a money transfer because of a spurious 'emergency' – plus a scam where fraudsters trigger a verification message by attempting to log in to your account, then (posing as WhatsApp), call or text to ask you to repeat the code back to them, giving them access.

CONTACT FROM STRANGERS
To start a chat, someone only needs the mobile number of the WhatsApp user that they want to message. Therefore, if a child has ever given their number out to someone they don't know, that person could then contact them via WhatsApp. It's also possible that the child might be added to a group chat or community by one of their friends, for example) containing other people that they don't know.

CHAT LOCK
In 2023, WhatsApp introduced a feature that lets users keep their chats in a separate 'locked chats' folder, saved behind their phone's passcode, fingerprint or face ID authentication. They subsequently developed an additional feature – 'Secret Code' – where users set a unique password for their locked chats. Unfortunately, this function creates the potential for young people to hide conversations and content they suspect their parents wouldn't approve of (such as age-inappropriate material).

COMMUNITIES AND GROUPS
A community is a collection of related groups on WhatsApp. They can consist of thousands of users. Communities can often be used by scammers to target large groups, hoping someone clicks on their link or responds to their requests. In communities and groups, there are multiple ongoing conversations, which results in pressure to respond. Members – even if they are not each other's contacts – will be able to see any messages sent into the group.

'VIEW ONCE' CONTENT
The ability to send images or messages that can only be viewed once has led to some WhatsApp users sharing inappropriate material or abusive texts, knowing that the recipient can't re-open them later to use as evidence of misconduct. People used to be able to screenshot this disappearing content – but a recently added WhatsApp feature now blocks this, citing protection of privacy.

FAKE NEWS
WhatsApp's connectivity and ease of use allows news to be shared rapidly – whether it's true or not. To combat the spread of misinformation, messages forwarded more than five times on the app now display a 'Forwarded many times' label and a double arrow icon. This makes users aware that the message they've just received is far from an original... and might not be entirely factual, either.

VISIBLE LOCATION
WhatsApp's 'live location' feature lets users share their current whereabouts, which can be helpful for friends meeting up or parents checking that their child is safe while out, for example. However, anyone in a user's contacts list or in a mutual group chat can also track their location – potentially letting strangers identify a child's home address or journeys that they make regularly.

Advice for Parents & Educators

EMPHASISE CAUTION
Encourage children to treat unexpected messages with caution: get them to consider whether it sounds like something a friend or relative would really send them. Make sure they know never to share personal details over WhatsApp, and to be wary of clicking on any links in messages. Setting up two-step verification adds a further layer of protection to their WhatsApp account.

ADJUST THE SETTINGS
It's wise to change a child's WhatsApp settings to specify which of their contacts can add them to group chats without needing approval. You can give permission to 'My Contacts' or 'My Contacts Except...'. Additionally, if a child needs to use 'live location', emphasise that they should enable this function for only as long as they need – and then turn it off.

DISCUSS GROUP CHATS
Make children aware that there could be members of a group that they don't know well and that words can be misinterpreted. Encourage them to leave a good impression, to avoid joining in if conversations turn towards bullying, and to respond to such situations in an appropriate way. Make sure they know that it's OK to leave a group chat if it makes them uncomfortable – or for any reason, in fact.

THINK BEFORE SHARING
Help children understand why it's important to stop and think before posting or forwarding something on WhatsApp. It's easy – and all too common – for content that a user posts to be shared more widely, even publicly on social media. Encourage children to consider how an impulsive message or forwarding might damage their reputation or upset a friend who sent something to them in confidence.

CHAT ABOUT PRIVACY
Check in with the child about how they're using WhatsApp, making sure they know you only have their safety at heart. If you spot a 'Locked Chats' folder, you might want to talk about the sort of content they've stored in there, who they're talking to, and why they want to keep these chats hidden. Also, if children send any 'view once' content, it could be helpful to ask them why.
